About EUPeace:

The European University for Peace, Justice, and Inclusive Societies, EUPeace, evolves out of nine core member universities that have committed their strategic international outlook in teaching, research and administration in higher education to foster a peaceful, just, and inclusive European landscape, at various levels. For this, we explicitly address all sciences and research fields, from the humanities and social sciences to the natural and life sciences as well as engineering.

About the EUPeace Research Hubs:

The Doctoral Mobility Grant is organised in the framework of the [EUPeace Research Hubs](#). The endorsement of applications takes place directly within the Research Hubs. Four Research Hubs have been established within the EUPeace Alliance:

1. [Security and Conflict Transformation](#)
2. [Climate Science and Just Transition](#)
3. [Migration and Human Rights](#)
4. [Inclusive Health and Well-Being](#)

The Research Hubs mobilise existing academic strengths of the EUPeace Alliance and foster collaboration in all subject areas in order to create excellent inter- and transdisciplinary research and academic capacity for curriculum development and academic advancement in peace, justice, and inclusive societies. This also includes the natural sciences as well as engineering. The Research Hub members come from all Alliance member sites and from various research disciplines. The Research Hub's profiles and member lists can be accessed by clicking on the links to their respective websites.

How to apply:

To apply for a Doctoral Mobility Grant, you need to supply the below listed documents to eupeace-doctoral-mobility@uni-marburg.de (the coordinator of the EUPeace Work Package 6 team) on or before the application deadline. After the deadline, applications will be reviewed by the Research Hubs and decisions on funding will be communicated to the applicants within 4 weeks.

Application documents:

- CV
- [Application Form](#)
- [Letter of Invitation](#)
- Proof of Enrolment as Doctoral Candidate

All documents must be provided in English, except for the proof of enrolment. Please note that the Letter of Invitation must be signed by the applicant as well as the host/hosting institution.

Overall Selection Criteria:

- Motivation for applying for a Doctoral Mobility Grant within the framework of EUPeace and contribution to foster research and teaching in relation to peace, justice and inclusive societies
- Relevance of the mobility for the Alliance member institutions' long-term cooperation
- Relevance of the mobility for the Research Hub
- The Grantee's academic innovation potential and/or contribution to the advancement of pressing societal topics within the Alliance
- Academic and/or societal outreach included in the mobility

Co-funded by
the European Union

- Contribution of the mobility to innovative teaching
- Personal, structural or academic circumstances which foster the Grantee's contribution to diversity in the field (e.g. countering personal barriers in the research trajectory, countering structural discrimination/underrepresentation within the field, contributing academically to an under-represented topic)

Application and Selection Process:

- 1) Applicants actively seek a possible hosting person/institution within a Research Hub. This can be done via the Research Hubs' websites. Applicants contact a possible host and share their ideas for the mobility. If the Research Hub member is interested in hosting the applicant, the subject and purpose of the mobility (as stated in the Application Form) can be co-determined. Also the timeline of the mobility can be determined together by the applicant and the host. Please, be aware that for some universities, you might need 3 to 6 preparatory months before starting a mobility (e.g. if you need a visa or if access to specific facilities is required). Finally, both parties have to sign the Letter of Invitation that the applicant will submit together with the other application documents.
- 2) The EUPeace Work Package 6 team clusters the applications for the Research Hubs.
- 3) The Research Hubs select which applications will be endorsed on the basis of the selection criteria listed above.
- 4) The EUPeace Work Package 6 team will get in contact with the selected grantees and the hosts and proceed with ensuring the payment of the grant, in accordance with local regulations.
