

# Up and Away

with EUPeace

University of West Bohemia  
Faculty of Applied Science

Software engineering

Universidad Pontificia Comillas

Spain

Three reasons why you should also study here:  
City – Madrid is a stunning city with a wealth of opportunities and experiences for young people.

Atmosphere – The teachers and fellow students are exceptionally friendly and supportive.

Subjects – A diverse range of subjects is available, with a focus on practical learning rather than just exams.

Additionally, SAPIENS courses are offered, which are recognized by many European schools.
